

Experiment 1 Fixed 30-periodrealised demand baseline

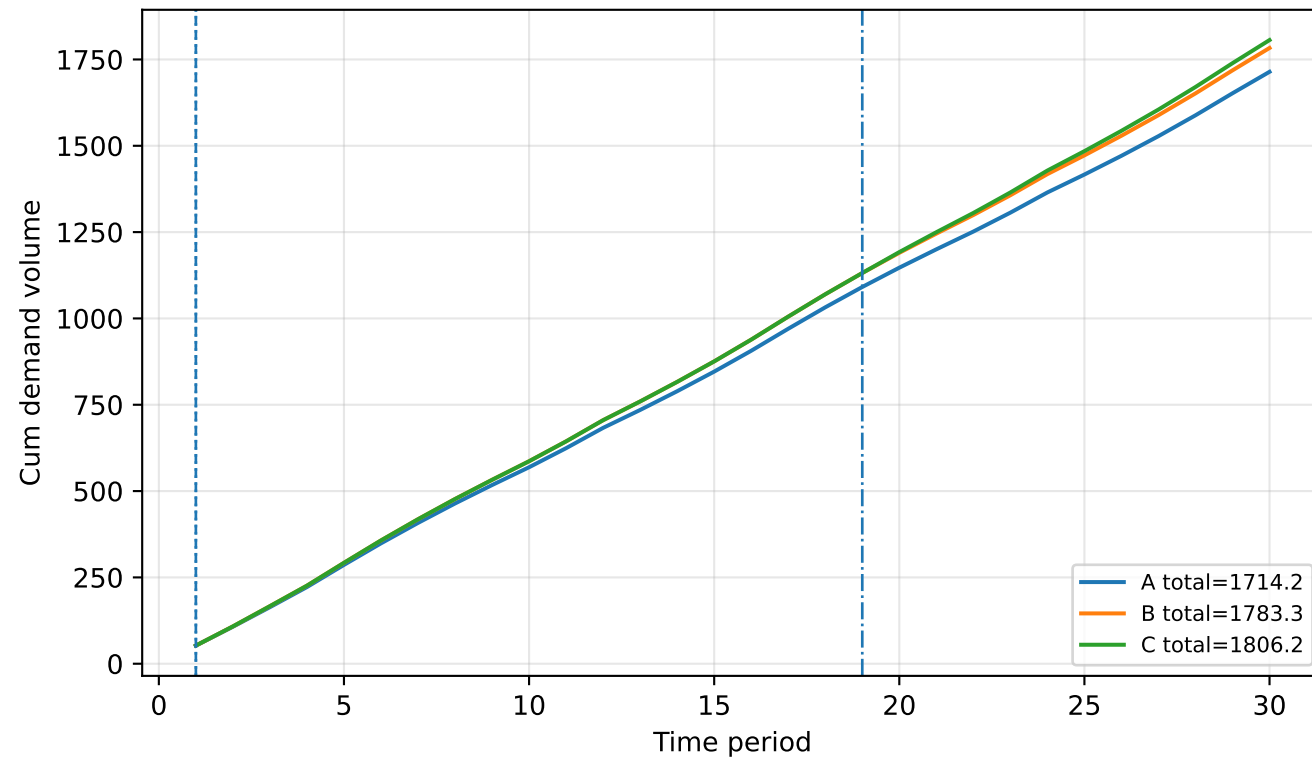

Fixed 30-period tariff schedule

Per-period realised demand

Cumulative realised demand

Experiment 1 demand comparison
Single fixed tariff scenario
H = 30 periods
Strategy B activation period = 1
Strategy C activation period = 1
Strategy C withdrawal period = 19

Main comparison
A realised total demand = 1714.22
B realised total demand = 1783.27
C realised total demand = 1806.16
